

FACCE ERA-GAS would like to invite you to register for the FACCE ERA-GAS Greenhouse Gas Research Breakfast Club

The initiative is targeted at post-doctoral researchers and PhD students and will include:

- Presentations from eminent scientists on cutting edge research topics related to GHG monitoring and mitigation from agriculture and forestry
- Career Development presentations for PhD students and post-docs

It will provide a chance to network with peers, to hear the latest cutting edge research updates and to benefit from career development advice.

The first three events will be held on the last three Fridays of April. Details of further events will follow afterwards.

All events will be held online (on zoom), so you can join from the comfort of your own desk!

Please register [here](#).

Breakfast Club 1:

Date	16th April, Friday
Time	09:00 - 10:00 CET (please adjust for your local time)
Speaker 1	Prof. Rogier Schulte Professor of Farming Systems Ecology & Director of the Lighthouse Farm Network Wageningen University & Research https://research.wur.nl/en/persons/rogier-schulte https://www.lighthousefarmnetwork.com/about-us#team
Title	The disruptive power of big ideas
